Letter No 3772 dated the 27th Sept 1943 from the Registrar of Co-op. Societies forwarding laws and rules, under the Co-operative Societies Act, one restricting the admission as members, of the paid employees of a co-operative society and the other prevents the near relatives of paid employees of a society becoming directors of the society which are approved by the Standing Advisory Committee.

1) The Registrar has forwarded ~~the~~ draft rules to be framed under the new Co-operative Societies Act which are said to have been approved by the Standing Committee on Co-operation. The first of them restricts the admission of the paid-employees of a society as members of the society and ^{period} of unexpired months and their removal when they come under any of the conditions set forth. It may be stated that the conditions for admission for membership ^{particularly the last three items} should better be incorporated in the bye-laws of a society than in the rules framed by Govt. The bye-laws of a society generally contain the qualifications for admission ~~and~~ for membership particularly with regard to the last three items mentioned in the rule. Wherever the bye-laws omit to mention them in the provision under admission, the items will have found a place ^{at least} for cessation of or removal from membership of a society. If by chance a member once admitted acquires the disabilities mentioned, later, he is liable to be removed from membership ~~and~~ and it is the

duty of the Director, or the general body or even the Department to enforce the provisions of the byelaws.

The only purpose with which the rule is proposed to be framed is to exclude a paid employee from the membership of a society. In supporting this the argument of the Director is the practice of employees becoming its members is unhealthy and is prevalent to a large extent in many of the ~~tribal~~ urban societies and has been ~~worthwhile~~ prejudicial to the best interests of tribal societies. The Director while proposing the draft rule seems to have taken consideration the cases of only a few urban societies and not the ~~urban~~ societies in urban areas in general or the ~~rural~~ ^{societies in} rural areas.

It is not known whether he is aware of the consequences of the rule that the same ~~provision~~ ^{provision} is applicable not only to urban societies in general ^{but} ~~also~~ ^{also} rural societies ~~also~~. As it is, there are thousands of ~~rural~~ societies and hundreds in urban areas ~~and~~ in rural areas which are poor in finance ~~and~~ and are not able to maintain ~~the~~ ^{full} their establishment for the administration of the society. In rural societies it so happens that one of the members of the ~~board~~ ^{board} accepts the position as a part time clerk on the payment of about two or three rupees a month and another person attends to the work of a servant by receiving a remuneration of Anna eight to one rupee a month. In the case of urban societies there are several ~~societies~~ ^{of them} where the members themselves work

~~part time and~~
for the society ~~to~~ receive a small remuneration from the funds of the society. When they receive such remuneration whether they are part-time or full time, they are ~~paid~~ employees of societies and become ineligible under the proposed rule for membership.

In rural areas it is happening that there will be one society for a village or a small group of villages, and every one who ~~is in~~ is in need of credit or other facilities has to look to the society for assistance. No restriction now proposed will mean that no one will be willing to work for the society because of the disability of the person who undertakes to work whether he receives a big or a small sum will have to go the local money lender because the Cooperative societies are denied to him. In the case of urban societies also with special reference to the societies formed by the salaried employees and those formed for the development of exports on the same consideration arise. The salaried employees' societies do not contain many members but are limited to a particular office or a department. With limited membership and consequently less scope for income, they cannot afford to pay for full time establishment or even outdoors for part time. Even if such ~~are~~ ^{are} available, the committee of management cannot have proper control over their work and the employers also will have ~~no~~ no interest in the welfare of the society that will be more mercenary. But some members of the societies may come forward to work on a small

remuneration and feel the ~~fruits~~ ^{fruits} as ~~fruits~~ ^{fruits} and need
 work for it. This is what is being actually done in ~~the~~
 almost all the Departmental Societies. The restriction now
 proposed to be passed will disable a ~~person~~ ^{person} ~~from~~
 otherwise become a member - if he accepts a remuneration
 and would defeat the very object with which the Society
 was started. That is applicable to Departmental
 Societies is also applicable to ^{small} ~~agents~~ ^{agents} ~~formed~~ ^{formed} for the
 development of small industries or crafts ~~and~~. Does
 the proposal to ~~restrict~~ ^{deny the} membership to the paid
 employees of a Society affect ^{to a very large extent} both the rural and urban
 Societies and hit at the very root of the principles
 of Cooperation. What the Revision apprehends is that
 these paid employees may play ~~destructive~~ ^{destructive} and act
 detrimentally to the best interests of the Society. The work
 of a paid employee ^{whether a member or non-member} is supervised by the Managing Committee
 and commented upon by the general body. If it is
 found that these bodies have failed there is the Department
 which ~~direct~~ ^{direct} its inspection may ~~send~~ ^{direct} the Committee to
 take such action as will be necessary, when any irregularities
 are detected and ~~preventive~~ ^{preventive} acts ~~prevented~~ ^{prevented} to the
 best interests of the Society and disclosed. Even if it is
 found that all these available weapons are not useful
 the Revision may arm himself with powers under Rule 21
 of the rules to set the matter right. Without having
 recourse to any of these remedies the Revision has
 taken to this ~~preposterous~~ ^{preposterous} method of changing
 membership to the paid employees of Societies. Even the

Planning Advisory Committee on Cooperation - ~~with~~ ^{with} ~~advising~~ ^{advising} of the Amendment does not seem to have discussed the question in all its aspects. Before the rules were passed before them together. Mr. Jay ~~the~~ ^{the} ~~Chairman~~ ^{Chairman} said that such rules existed in Madras ~~and~~ ^{that} it was quite desirable that similar rules be framed under the Mysore Act also and also said that the rules should be applicable to the paid employees of Societies in urban areas only. This view was endorsed by all the members present and it was resolved that Govt be requested to frame the rules as proposed in the draft. The resolution however seems to be inconsistent with the views expressed, which was the endorsement of the opinion expressed by Mr. Jay. ~~Chairman~~ ^{Chairman} who gave only qualified support to the draft rule that it should be applicable to Societies in urban areas only. As against this the draft rule is absolutely ~~not~~ ^{not} to the urban and rural Societies. Merely because the rule was in existence in Madras, Mysore cannot be expected to ape it without a detailed examination of the possible repercussions the rule may have on the movement. Under the circumstances explained above it does not seem desirable to introduce the Rule ~~38~~ ³⁹ ~~and~~ ^{and} here. The provisions of clause (b), c. d) of the rule may be arranged by the Registrar by being incorporated in the by-laws of ~~the~~ ^{the} same do not already contain the provisions.

2) As regards Rule 39 it may be said that though its introduction may lead to some difficulties in some areas, the provision is not so drastic as in

the proposed rule 38 above. This rule prevents the entry of a near relative of ^{paid} ~~the~~ ^{employee} of a Cooperative Society to the Committee of Management. Even in this case the question of whether a person is a near relative of an employee or not is to be decided by the Registrar.

This rule seems to have come into existence in Maharashtra because the father and son were the President and paid Secretary of an institution. Even this proposed rule may create some hardship in the case of Societies in rural areas but ~~it~~ does not affect the vital interests of the Society.

its members. The Training Advisory Committee have in this case ^{also} endorsed the opinion of Mr. Jayathis ~~teacher~~ who gave qualified assent that it should be applicable to the paid employees of Societies in urban areas only. We have resolved to approve of the ^{rule} ~~rule~~ placed before them.

3) In this connection it may be stated that the Training Advisory Committee is a ^{small} ~~small~~ body and is capable of making only suggestions and cannot be expected to voice the view of the entire field of cooperation. The

Provincial Cooperative Conference which meets every year consists of representatives of both urban and rural areas and may be expected to voice the feelings of the entire field of cooperation comprising of varied interests.

Before taking the draft rules into consideration, it is perhaps desirable that the draft rule is placed before the Maharashtra Provincial Cooperative Conference and their views obtained. As otherwise, the proposed rules particularly the former are

4) On principle no paid employee of the society should be a member of that society. The Registrar has remarked that this unhealthy practice is prevalent to a large extent in many of the urban societies and has been working prejudicially to the best interests of such societies. It is but right that such a practice should be put a stop to.

5) Conditions (b), (c) and (d) may also be incorporated in the rules, as a standing guidance to all the societies to frame bylaws in conformity with the general rule.

6) Both the rules 38 and 39 recommended by the Registrar are sound in principle and may therefore be sanctioned for being incorporated in the existing rules.

IRRATIONAL RULE

Several amendments have been decided upon in order to have a better and efficient control over Co-operative Societies in Mysore. These amendments have been published in this week's Gazette for public information. While we greatly welcome the desire of the Government to go ahead with their purity drive we cannot help voicing forth our protest at the irrational manner in which they are riding roughshod over the democratic precincts of co-operative bodies. By a new rule membership facilities have been denied to a person who becomes a paid employee of the society and also Committee Membership privileges have been totally denied to those who happen to be near relations of paid employees of the society. The effect of this statutory rule would be that no servant of a society can hope to get any co-operative facility from his own society. To stretch the point further, persons who reside in those localities where there is only one co-operative stores cannot become paid employees of that society or in other words paid employees of that particular society should resign and make way for others. This rule is liable to be misused and will create unspeakable chaos in the day-to-day administration of co-operative institutions. If paid employees are forced to give up their memberships their wives, brothers and a host of other near relatives will scramble for shares. The object of this restriction would get thereby nullified. If the authorities feel that there should be a severe check on the paid employees they could think of other easy ways and not the way that would stifle their very membership. We hope the Government will delete this new rule altogether.

GOVERNMENT OF MYSORE.

DEPARTMENT OF CO-OPERATION.

OFFICE OF THE REGISTRAR OF CO-OPERATIVE SOCIETIES
IN MYSORE.

~~SECRET~~ 3772 cs.

Dated Bangalore, ... 27th September 1943 . 3

From

The Registrar of Co-operative
Societies in Mysore, Bangalore.

To

The Secretary to Government of
of Mysore, General Department,
Bangalore.

GENERAL SECRETARY
27 SEP. 1943
cs

Sir,

I have the honour to state that ^{at} the fifth meeting of the Standing Advisory Committee of Co-operators held on 18-9-1943, it was resolved that the following two rules may be framed under the Mysore Co-operative Societies Act, one prohibiting certain classes of persons from becoming members of a Co-operative Society and the other prohibiting a near relation of a paid employee of a society from becoming a member of the committee of management of the society. The former aims at placing certain restrictions on admission as members (following Rule No. XVIII A under the Madras Co-operative Societies' Act) and more particularly preventing employees of a society from becoming its members, which unhealthy practice is prevalent to a large extent in many of the urban societies and has been working prejudicially to the best interests of such societies. The latter aims at preventing the abuse prevalent in some major urban societies of the near relations of directors being employed on the staff of the societies concerned - not on consideration of efficiency or the fitness of the said employees but on account of their relationship. This rule follows the Madras Rule XXVII (i) (e). I request that Government may be pleased to frame these two new rules.

P.T.O

Rule. 38. Restriction on admission of persons as members.

- (1) No person shall be eligible for admission as a member of a society if he -
- (a) is a paid employee of the society, or
 - (b) is of unsound mind, or
 - (c) is an applicant to be adjudicated a bankrupt or an insolvent or is an uncertificated bankrupt or an undischarged insolvent; or
 - (d) has been sentenced for any offence other than an offence of a political character or an offence not involving moral delinquency, such sentence not having been reversed or the offence pardoned
- (2) Any member of a society shall cease to be a member of the society if he -
- (a) becomes a paid employee of the society, or
 - (b) becomes of unsound mind, or
 - (c) applies to be adjudicated or is adjudicated a bankrupt or an insolvent, or
 - (d) is sentenced for any such offence as is described in clause (d) of sub-rule (1).

--

Rule. 39. Disqualification of near relations of paid employees of societies for membership of Committee.

No person shall be eligible for election or appointment as a member of the committee of a society if he is a near relation of a paid employee of the society and a member of the committee of any society shall cease to hold his office as such if he becomes a near relation of a paid employee of the society provided that if any question arises whether a person is or is not a near relation of a paid employee of the society, the question shall be referred to the Registrar for decision.

Sir,
Your most obedient servant,

A. Subbalingam
Registrar.

The Additional Secretary to
Government of Mysore, (Co-operative)
Public Offices, Bangalore.

Sir,

With reference to the Gazette Notification No.A.F.
4573-C.L-35-43-2 dated Bangalore, the 17th March 1944
regarding members of the staff becoming members etc., and
seeking objections thereon, I have the honour to state
that the Mysore Co-operative Society, Ltd., Mysore have
recorded their opposition to both the proposed rules -
vide Managing Committee Resolution dated 29th March 1944.

A The first Rule says that members of the staff should
not become members of the respective societies. After
all, in a Society of 2,000-3,000, their number will not
exceed 30-40. As such they cannot and will not wield any
influence, as is made much of by some. On the other hand,
the management will have disciplinary jurisdiction over them,
and also whenever loans are advanced to them, the instal-

ments could be deducted from out of their salary. ~~if~~ If the management will not understand their circumstances, well, who else would be able to know them better. Further, if they are members in other Societies they may not get loans there, for the reason that as their salary is generally - - below 50/-, unattachable the Societies may not advance them loans. Thus in all ways the staff will be put to trouble and inconvenience.

The second rule is equally unhappy. How to know - - whether one is related (as defined in the rule) to an incoming Director or not. One related even to the fifth degree is a relation. If all such things are to be decided by the Registrar, well, it only gives room for innumerable - - disputes, to be decided at his discretion.

By bringing in such rule we are only courting ^{unnecessary} uneasy and un-warranted trouble and obstacle in the way of otherwise smooth sailing.

Thanking you,

I have the honour to be

Sir, -

I have the honour to enclose herewith a copy of the Resolution passed at a meeting of the Managing Committee of this Society held on 26-3-44 in connection with the draft rules 38 and 39 under the Co-operative Societies Act published in Part IV of the Mysore Gazette dated 23rd March 1944.

The Committee are of opinion that Rule 38 (1)(a) and Rule 38 (2)(a) have to be omitted as not desirable, while the clauses (b) (c) and (d) are self-explanatory, the reasons underlying clause (a) is not apparent. The member employed is an asset to the Society and being a share-holder along with other members is interested in safeguarding his own interests which necessarily involves the interests of the Society as a whole. His membership is therefore one that serves the interests of the Society than otherwise. The Rule, if adopted, will affect the freedom of choice of its employees on the other where security is required or demanded of the employee, he can offer the shares in the Society for the purpose and the owning of shares necessarily involves his membership in the Society. If he is to be disqualified by reason that he is entitled to obtain loans from the Society and that his employment is likely to interfere with the full exercise of the judgment of the Committee in the consideration of the loan application. Similar consideration arises in case of members of the Managing Committee applying for loans.

So long as therefore the choice of applying for and obtain loans are not prohibited to the members of the Managing Committee, the employee member's right to such accomodation ought not to be denied. Hence he ought not to be disqualified for membership on these grounds.

The reasons for the addition proposed by the Committee to Rule 38 (2) (d) and for the omission of Rule 39 are that the Rule will be wanting in a material particular provision is not made for suspension of sentence or unconditional release, and no question of any difficulty has arisen as regards Rule 39 and hence this may be omitted.

I have the honour to be,

Subject: Objections to Draft rules 38 (1) a and (2) a and 39 under Cooperative Act published in the Gazette dated 23-3-1944.

Dear Sir,

We have herewith enclosed the resolution of the Managing Committee passed at its meeting held on 3-4-1944.

Regarding rules 38 (1) a (2) a, since there are already a number of employees admitted as members who enjoy the privileges of having transactions with the Society in which they serve, it is felt that it causes a great hardship, if their membership should be put an end to suddenly as it will oblige them, in that case, to discharge all their liabilities forthwith, as, when their membership ceases their loans cannot be continued. Moreover the members of the staff may not be able to get, admitted into a society wherein all the advantages they get in their own Society may be secured. These and other considerations, make the committee feel that to prohibit them from becoming members of the Society is very drastic; and if they are disqualified, as in the case of defaulters, from exercising, their votes in the General Body either on resolutions or in elections, the difficulty felt will be sufficiently solved.

Re: Draft Rule 39:- The prohibition of a person from serving on the Managing Committee if there be a paid employee who is a new relative of his is unnecessary. Few abuses on this score are disclosed, and the prohibition to serve on the committee makes many people stand out ~~at a distance~~ from elections who would be very helpful to the societies. There are not sufficient number of ~~qualifications~~

qualified Honorary workers to serve on the Committees even without this restriction. If this restriction is also imposed, the societies suffer for lack of sufficient number of qualified men to serve. There are societies whose staff including menials, especially in the stores societies reach as much as 60 or 70 hands. It will be very difficult for each one when elected to verify which of them is his castman or related to him, and if related to him whether he can be ~~continued~~ ^{considered} as a ~~new~~ ^{near} relative or otherwise. Moreover it gives rise to a crop of disputes. There is already enough of differences in Societies, and party spirit is unfortunately increasing day by day and each one is anxious to pick out holes in the actions of those who are opposed to him. A person belonging to the hostile groups, or even a member, may lodge a dispute that in his opinion an employee is a ~~new~~ ^{near} ~~xxx~~ relative of a committee member and drag the person concerned into court which is surely annoying to any honorary workers.

Also a committee consists of 10 to 15 members. It is hard to believe that a committee member can take, or the member of the staff can take unfair advantage of the ~~mentioned~~ ^{mutual} relationship between themselves inspite of the other committee members. Even an office-bearer cannot abuse his position in such circumstances. The other committee members will easily find out the relationship and check if any bad tendencies crop up. Thus the need for enacting the rule is not felt by this committee. That there is such a rule in another province is no doubt true. But it has a history behind it, which it is unnecessary to discuss here.

There are already a number of disqualifications imposed on ¹⁵ committee members of Urban Societies. The defaulting members are also disqualified. Very often one feels it difficult to nominate about 15 persons duly qualified and competent to be nominated for elections. This rule is going to further increase the difficulty. It is therefore resolved to oppose the enactment of draft rule 39, as unnecessary.

I remain, Sir,
Yours faithfully,

AV. Rangarao

"In view of the fact that all most all the members
of the staff are members of the societies in which they
are serving and are having transactions and in conform-
ity with the resolution of the General Body Meeting
of the above association held on 25th November 1943,
this meeting resolves to ^{allow the Government to} allow the staff to be members
of the institutions in which they are working, disabling
them from voting in the General Meetings of the society
of which they are servants, on resolutions relating to
the General management of the Society, the conduct of
the Directors, office bearers and matters pertaining
to individual members of the directorate either to
their personal capacity or as director."

With regard to Rule No.39 the whole house
opposed the draft rule unanimously.

In accordance with the resolution of the Board of Directors
of this Bank, I have the honor to send herewith, objections to
the proposed Rule No.38 under the Co-operative Societies Act in
the matter of "Admission of Persons as Members" that this Bank
is opposed to the draft rule as proposed since it hits hard
against most of the members of the Staff both economically and
financially. Further the rule restricts the members of the Bank
becoming members of the Staff. In place of this proposed rule,
the Board of Directors suggest that a separate rule be proposed
restricting the members of the Staff who are members of the Bank
from voting in any matter affecting the administration and
management of the institution. The members of the Staff of this
Bank are also agreeable for such a rule.

The Board of Directors are also ^{Rule}opposed to the Rule No.39
as the proposed ~~itself~~ is very vague and the power of reference
to the Registrar whether a paid employee of the Society is or
is not a near relation will give room to various difficulties.
